1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well-planned and documented process

Nimra college of Pharmacy , receives programme and semester wise academic calendar from Jawaharlal Nehru Technological University Kakinada (JNTUK), as it is affiliated to it. The university academic calendar focuses on the date of commencement of the class work, number of instructional weeks per mid-term syllabus including mid-term examination schedule and semester end examinations schedule. The College Academic Committee (CAC) prepares a comprehensive college level academic calendar based on the academic calendar received from the university. The college academic calendar includes schedules for classroom instruction, examinations, public holidays, training and placement, add-on/certification courses and any other extension activities. The faculty strictly adhere to the academic calendar while preparing their teaching plans. The faculty meticulously records the day wise realization in the teaching plan. The Internal Quality Assurance Cell (IQAC) and the Department Academic Committee (DAC) regularly monitor whether adherence to the teaching plan as per the academic calendar is being followed or not. The institution strictly adheres to the academic calendar given by the university for the conduction of Continuous Internal Evaluation (CIE). The timetable of the internal examinations is displayed in advance. In case of any last-minute deviations in the given schedule by the university, due to unforeseen circumstances, the institution adopts the revised schedule. The internal examination related activities like the evaluation of the answer scripts, posting of marks in the portal and display of marks in the notice board for students is undertaken in a systematic and time bound way, strictly adhering to the university academic calendar.
