Program Report

Program Name : An awareness program on drug abuse.

Date of Activity : 23-03-2024

Venue : NCP Seminar Hall

Organized by : B. Pharmacy

Number of Participants: 58

Objective of the Awareness Program on Drug Abuse:

The primary objective of this program is to educate and empower individuals, especially youth, with knowledge and understanding about the dangers and consequences of drug abuse. By fostering open conversations, providing accurate information, and promoting healthy lifestyle choices, the program aims to reduce the prevalence of drug misuse and its associated risks.

Topics covered

- Understanding Drug Abuse
- The Effects of Drugs on Health
- Causes of Drug Abuse
- Signs and Symptoms of Drug Abuse
- Consequences of Drug Abuse
- Prevention Strategies
- Treatment and Rehabilitation
- The Role of Community and Society
- Empowering Youth and At-Risk Groups

To,

The Manager
Inchem laboratories Pvt Ltd
Kondapali, NTR District.

From,

The Principal
Nimra College of Pharmacy
NTR (District)

Subject: - Request for Permission to visit your Inchem laboratories Pvt Ltd

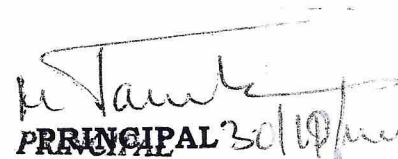

Respected Sir,

I am writing this letter on behalf of the B. Pharmacy department as the **III B. Pharmacy** at **Nimra College of pharmacy**, seeking your permission to conduct a industry visit. The Nimra college of Pharmacy is a well-reputed educational institution in Jupudi, Ibrahimpatnam, and NTR Dist. There would be III B. Pharmacy and faculty members. Being students of B. Pharmacy, this visit would help in a better understanding of various concepts. The purpose of this visit is growth of industry knowledge we intended to take a round of the entire industry and show the tasks handled in different departments of our students.

We hope your response shall be in favor of this request. Kindly grant us permission for the industry visit and make the necessary arrangements for the same

Thanks, and regards.

Report Of Industrial Visit to Inchem laboratories Pvt Ltd

Place Of Visit: Inchem laboratories Pvt

Date Of Visit: 16-11-2023

Duration: One Day

Number Of Students: 40

Faculty Coordinators:

- Mrs M.Rama Krishna

OBJECTIVES OF VISIT

- The objective of the visit was to help students understand what goes within the pharmaceuticals industry; and
- To provide a minimalistic contribution to the learning process of research and development in pharmaceuticals industry.
- Students were taken to different labs, where they were explained about different experimental procedures and instruments.
- They got some hands-on experience with analysis of column chromatography and use of UV-vis spectrophotometer

OUT COMES OF VISIT

- Pharmaceutical industry is a most diverse, R&D oriented, hypercompetitive and knowledge sensitive industry. Competitive intelligence
- Practical Experiences
- This enables the student to acquire knowledge

Program Report

Date: 20-09-2023

Program Name : A Seminar on Innovations and Drug Discovery: Bridging Science and Technology

Date of Activity : 19-09-2023

Venue : NCP Seminar Hall

Organized by : B. Pharmacy and Pharm D

Number of Participants: 71

Objective of the program

A seminar on "*Innovations and Drug Discovery: Bridging Science and Technology*" explore cutting-edge innovations in drug discovery processes. Highlight the role of technology in bridging gaps between science and practical healthcare solutions. Equip participants with knowledge of emerging trends and challenges in the pharmaceutical industry.

Topics covered

Domain Knowledge

Research and Innovation

Technical Proficiency

Interdisciplinary Collaboration

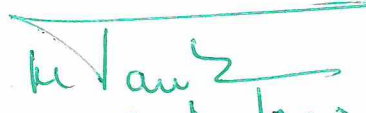

Ethical and Professional Responsibility

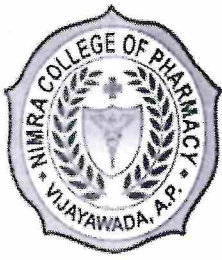

Lifelong Learning and Adaptability

Communication Skills

Global Perspective

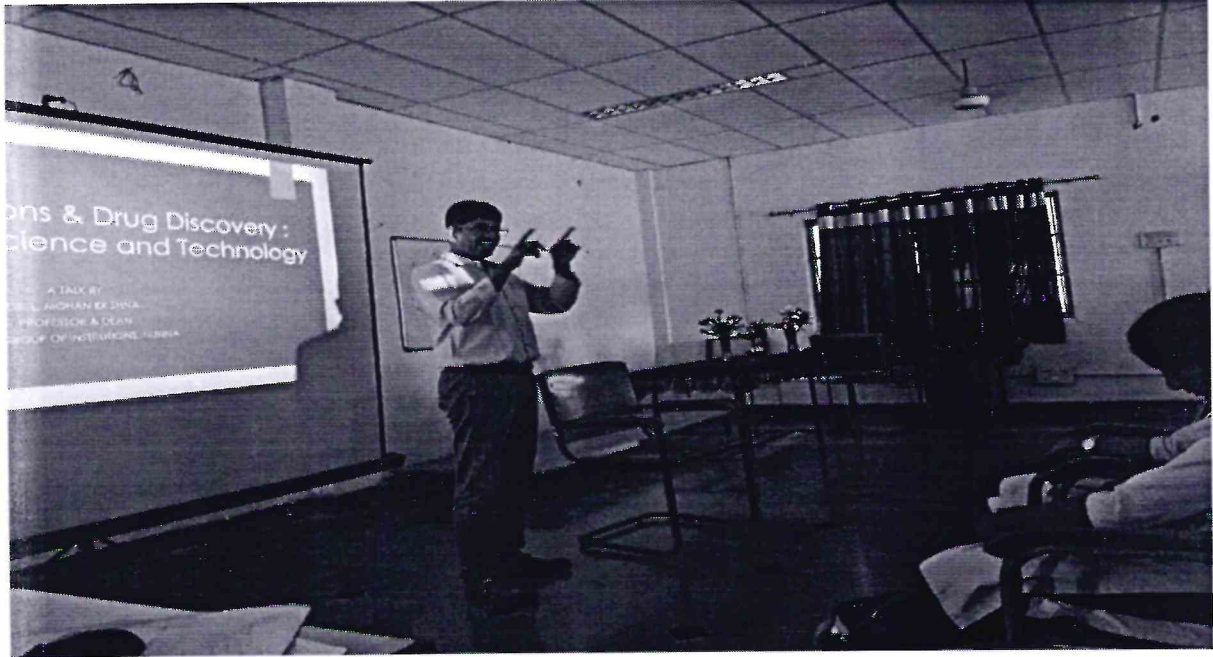

Societal Impact

PROGRAM OUTCOMES:

- Advancements and their impact on modern pharmaceutical research.
- Understand the role of cutting-edge technologies such as ai, bioinformatics, and robotics in drug development.
- Evaluate the ethical and societal implications of drug development processes.
- Assess emerging trends in personalized medicine and precision therapeutics.
- Apply computational tools and software for drug design and analysis.
- Illustrate the integration of science and technology in solving real-world medical challenges.
- Develop insights into successful case studies of drug discovery and failure points to avoid.

Program Report

Program Name : Training program on pharmaceutical instruments and equipments for B.Pharmacy students

Date of Activity : 22-07-2023

Venue : NCP Seminar Hall

Organized by : B. Pharmacy

Number of Participants: 57

Objective of the program:

A seminar on "Training program on pharmaceutical instruments and equipments for B.Pharmacy students" objective of this training program is to equip B.Pharmacy students with hands-on experience in operating pharmaceutical instruments and equipment, enhancing their practical skills in drug formulation, analysis, and quality control. The program aims to familiarize students with the principles and applications of key laboratory tools while promoting safety and good laboratory practices.

Topics covered

Pharmaceutical Formulation & Production Instruments

Quality Control Instruments

Automation and Control Systems

Microscopy and Imaging Techniques

Regulatory Aspects and Quality Assurance

Emerging Technologies in Pharmaceutical Instrumentation

Practical Sessions and Demonstrations

PROGRAM OUTCOMES:

- Develop the skills to operate key pharmaceutical equipment used in laboratories and manufacturing processes.
- Understand the importance of quality control instruments and their role in ensuring the safety, efficacy, and consistency of pharmaceutical products.
- Develop the skills necessary to troubleshoot common issues with pharmaceutical equipment and perform routine maintenance and calibration.
- Exposed to advanced pharmaceutical technologies and emerging trends such as nanotechnology, biosensors, and 3D printing in drug development.
- Understand how software interfaces with pharmaceutical instruments for data collection, analysis, and automation.
- Experience in working as part of a team, simulating real-world environments where collaboration is essential.
- Improve students' ability to apply problem-solving techniques when faced with challenges related to pharmaceutical instrumentation.
