The Program started with a welcome note by Mrs. T. RESHMA ,Coordinator of NCP Women's forum. She introduced Mr. K. RAJU to the gathering. Karate is a sport that builds strength, speed, stamina, and endurance in girls, keeping them physically fit, establishes a positive personal image and further promotes confidence in life in general.

Karate is a martial art that was originally created in Japan. The main idea of karate is battling and defending by using defensive and counter offensive body movements including punches and kicks. The psychological and ethical characteristics of karate aim to advance and improve the student in general. The term "karate" is a mixture of two Chinese characters: "kara" (empty) and "te" (hand), thus karate means empty hand. The suffix "-do" is added to the word "karate" to indicate that karate as an overall way of life. An individual who practices karate is sometimes referred to as a karateka. The conventional karate-do is a difficult sport and it takes time and dedication to become a master in this martial art.
