## 7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust

**Nimra College of Pharmacy** provides students with an exceptional education because of the quality of its faculty, staff, student services, curriculum, experiential programs, and the quality of the students themselves.

### Vision

“To provide skill-based quality higher education by striving continuously for excellence in educational service to all sections of the society especially the minority students who are socially, economically and academically under privileged with the focus on empowerment of youth to contribute constructively towards the national goals by upholding the values of secularism, national integration and social commitment”.

### Mission

To provide higher education for empowerment of youth of Andhra Pradesh State especially the marginalized people has been the main thrust of this college. The Institution is committed to the under-privileged of the society and students with high potential facing difficult socio-economic circumstances, so as to bring them at par with mainstream. Our mission is to impart quality education and exposure for the holistic development of students and equip them to cope with the latest requirements, through innovative techniques and practices.

Teaching and learning process:

- Under the norms of PCI, all the faculty members are equipped with good knowledge and updated in their fields respectively.
- All the faculty members are applying innovative and research orientation to the students for overall development.
- A continuous program for faculty development under the title of FACULTY DEVELOPMENT PROGRAMME (FDP) from starting the year 2006 to date.
